Profile Summary

Entry-level **DevOps / Cloud enthusiast** with hands-on experience in Linux, AWS, Docker, Kubernetes, and CI/CD pipelines through internships and personal projects. Interested in building, automating, and monitoring reliable systems while continuously learning cloud and infrastructure best practices.

Skills

Operating System: Linux

Cloud: AWS(EC2, VPC, IAM - basic)

Containers: Docker, Kubernetes

CI/CD: Jenkins, GitHub Actions

Infrastructure as Code: Terraform

Monitoring: Prometheus, Grafana

Scripting: Shell, Python

Work Experience

Aerobotix Techsolutions

Kolhapur, Maharashtra

System Administrator Intern

Aug, 2024 - May, 2025

- Provisioned and managed virtual machines, optimizing resource allocation for internal environments.
- Standardized package configurations across VMware VMs, reducing deployment failures by approximately 60%.
- Wrote shell scripts to automate flight-log extraction and synchronize telemetry data between drone platforms and local storage.
- Improved data-handling workflows, reducing manual processing time by around 40% while maintaining data integrity for mission analysis.

Projects

End-to-End GitOps Pipeline for 3-Tier Microservices

- Built a continuous deployment pipeline using **Argo CD** for Kubernetes-based microservices.
- Deployed MongoDB using **StatefulSets** with Persistent Volume Claims for data persistence.
- Implemented monitoring using **Prometheus and Grafana** to observe application health and resource usage.

Multi-Container Web Application with Docker

- Designed a two-tier web application using **Docker Compose**.
- Added container health checks and service dependencies to improve reliability.
- Configured a **Jenkins CI pipeline** with Git webhooks to automate builds.

AWS Infrastructure Provisioning with Terraform

- Created reusable **Terraform modules** for EC2 instance provisioning.
- Automated server configuration using **User Data scripts** to install and configure Nginx.

Education

Finolex Academy of Management and Technology

Ratnagiri, Maharashtra

Bachelor's In Electronics & Telecommunication

Oct 2021 - May 2025

- Awarded top rank and a cash prize in an Inter - College Project Competition
- Top 5% in Academics
